DEADLINE FOR OFFICIAL/UNOFFICIAL/PERSONAL NOTICES IS WEDNESDAY, 9 A.M.

OFFICIAL

OIG: The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The OIG receives and investigates complaints or information about inefficiencies, mismanagement, or gross waste of funds; possible violations of law, rules, or regulations by NASA employees, contractors, or others; or substantial and specific danger to the public health and safety. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024. (OIG)

MISUSE OF OFFICE COPIER PAPER: Paper delivered to the Lanier copiers must not be used for any purpose other than making copies on Lanier copiers. Copier paper is much more expensive than that of paper issued for typing, fax machines, or laser printers, as the cost of delivery services are included. Paper for typing, faxing, and laser printers should be requisitioned from your designated Supply Support Service Vendor. Contact Ann Gary, 867-9103, if you have any questions. (IT-D1).

FEDERAL EMPLOYEE HEALTH BENEFITS FOR MILITARY RETIREES: CHAMPUS coverage for military retirees is automatically transferred from CHAMPUS to Medicare coverage upon attaining the Medicare eligibility, at age 65. Employees have 31 days from the date of loss of CHAMPUS to enroll in a Federal Employees Health Benefit (FEHB) plan. Military retirees who are thinking about retiring from civilian service before reaching Medicare eligibility are reminded: to have FEHB coverage as retiree, an employee must be enrolled at the time of retirement; to insure coverage, they should enroll in an FEHB plan that takes effect before the retirement date elected. To keep FEHB after retirement, employees must be enrolled for at least 5 years; and coverage under CHAMPUS counts towards eligibility to carry FEHB into retirement. Questions regarding health benefits should be referred to Kathleen Ellis (867-2002), or Lisa Fowler (867-1883), Benefits Team, Personnel Office, Headquarters Building, Room 2506. (BA-B)

EMPLOYEES PLANNING FOR RETIREMENT: To make tentative annuity computations, verify creditable service, and process an application for retirement, employees considering retirement should assure that all military and civilian service has been properly documented in their personnel records. Although dates of military service may have been previously recorded and verified, these dates should be reverified so there will be no delay in the receipt of annuity checks. Employees who have had active military service should submit to Kathleen Ellis or Lisa Fowler, Retirement Counselors, Personnel Office Benefits Team (BA-B), copies of their military discharge papers, DD 214, or other documents showing the beginning and ending dates of active service. Employees who do not ensure that all active duty military service is properly documented may experience a delay in the receipt of full annuity payments from OPM upon retirement from civil service. Contact Kathleen Ellis at 867-2002 or Lisa Fowler at 867-1883, Headquarters, Room 2506. (BA-B)

LOST AND FOUND: SGS Security Services is the focal point for Lost and Found and is in possession of numerous items found on KSC. KSC/CCAFS HEALTH EDUCATION & WELLNESS PROGRAM (HEWP): January 2005 Weight Loss

Whether you are concerned about losing holiday pounds or have wanted to lose weight for some time, you need to educate yourself about the basics of weight loss. The January 2005 HEWP packet focuses on weight loss including making sense of body weight, how much weight you should lose, popular diets, weight management guidelines, food substitutions, grocery shopping, overeating triggers, physical activity and more. The packet is available on the HEWP website: **<http://sgs.ksc.nasa.gov/sgs/sites/other/chs/omehs/occmed/home/index.cfm?page=hewp>**

Hardcopies of the packet will also be available at all medical and fitness facilities. If you or your department/organization would **like to be** added to the monthly packet hardcopy distribution list, please call Kris Calderon at 867-3414.

WOMEN'S HEALTH TOPIC: Hypothyroidism

The Women's Health topic for the month of January is Hypothyroidism. Hypothyroidism or "under-active thyroid" is a very common autoimmune disorder in women affecting 3 out of every 100 women. It is important to know the signs of hypothyroidism because the lack of the thyroid hormone can lead to serious problems of the brain, heart and other organ disfunctions, as well as a loss of energy. The hypothyroidism packet is available on the women's health webpage:

Dorn Whitmore, Supervisory Ranger, of the refuge, said, "I am very pleased with what the artists have created about my favorite refuge for this show. Historically, artisans have helped educate about wildlife through their artwork, and it has been a desire of mine for years to partner with the local art community on projects like this."
